Sprint Planning/Progress Update

- We have completed the tasks for Sprint 2(30%), which are.
    - Switch to PHP
    - Functionality
    - UI/UX Enhancement
    - Database (MYSQL)
    - The connectivity for the websites

Some are still unfinished as we didn't expect that PHP will overwhelm us, We have done most of the tasks listed but they are not finished.

- The tasks and assignments for the next Sprint are.
    - Upload to Webhost for testing
    - JS functions throughout the website
    - Database is final
    - Website fully functional for use
    - Bug Triage and Fixing

These are the tasks and assignments for our next Sprint.
